

PRAYAG

School of Excellence

ANNUAL REPORT 2020-21

A great saying goes - "Anyone who has never made a mistake has never tried anything new". It is an enduring tradition to take time to pause, turn around to look at the fruitful year gone by, achieving both the expected and the unexpected, while setting various milestones and then synergizing ourselves to move ahead to face the challenges in the coming year, with a positive attitude. We thank all the stakeholders for the blessings bestowed upon us year after year, especially during the academic year 2020-21.

Prayag has been stepping from success to success since its humble beginning in 2019 and the past year has been no exception. We have done excellently in academics and non-academic areas. At this juncture, I wish to put on record my sincere gratitude to the management, staff, students and the Parents for your kind support and guidance.

With great pleasure, I present in a nutshell the highlights of the past academic year 2020-21 as follows:

Re-opening:

Prayag School of excellence saw its opening in the virtual mode for the academic year 2020-21, on 1st Sep 2020. Being the year of pandemic all activities are done in a virtual mode. The staff along with the management welcomed the students and their parents.

Academic Excellence:

"Excellence in academics is the hallmark of any good institution".

The system of education at Prayag, as you all know, is a blend of theory and practice in the right proportion to arrive at a comprehensive curriculum. Though the format of virtual learning is new, Our Teachers and students have shown an excellent performance throughout the academic year.

Teacher Enhancement Programs:

"It's the teacher that makes the change, not the mere classroom".

We believe in equipping teachers to prepare the students for the future and to update their knowledge. So the school arranges a teacher orientation program every year and in 2020 it was in virtual mode. Also all the teachers were registered in Diksha and attended the regular trainings.

Regular staff meetings are conducted to evaluate our quality of performance and plan for the future with more innovative methods of teaching and learning programs.

Examinations:

Unit Checks and evaluations are conducted for the students and their progress is informed to the parents frequently. Since we are working in virtual mode, various parameters like regularity, virtual classroom behavior, classwork and homework submission were considered and internal marks are awarded.

Remedial Teaching:

Remedial classes for the academically backward students are held after the regular class hours to bring them up at par with the rest of the class.

Co-curricular Activities and Celebrations:

Prayag not only focuses upon the intellectual development of our future generation, but also takes care of their emotional, physico-cultural and behavioural development in their early ages of development by inculcating sound moral values, responsibility, self-reliance and social awareness. We are doing it through different co-curricular activities and school celebrations.

World Environment Day:

Nature holds the key for the aesthetic, intellectual, cognitive and spiritual satisfaction. Our environment day celebrations this year was celebrated virtually. Class teachers gave the message revealing the importance of being eco-friendly and encouraged the students to plant trees in and around their homes.

Prayag Academic Fest:

Academic Fest provided the opportunity for our students to show up their models. The diverse potentials of the students were displayed in this event. This event has provided the platform to showcase various projects and models related to all subjects which the students developed throughout the year as part of their learning process.

Teachers' Day:

"A teacher revives the past, create the present and streamlines the future for the children".

On our teachers' day the students recollected the contributions of the teachers in shaping up their lives and thus creating the new society. With due respect, the school paid homage to Dr. S. Radhakrishnan, the icon of every teacher.

Children's Day:

Children are the beautiful flowers of the school garden. We celebrated the Children's day on the Jayanti of Chacha Nehru, November 14. In the virtual assembly, the teachers entertained the students with variety of programs including games, dance, skit etc.

Virtual Competitions:

Various competitions were conducted in each class across all the subjects like maths, science, languages, art etc. This incorporated the feeling of sportsmanship among our students and provided ample opportunities for all our students to come forth with self-courage and express their abilities of public speaking, reading, thought sharing etc

National Days:

Other National days like Independence Day, Yoga Day, Republic Day, Children's Day etc were given due importance and celebrations were held to remind the students of the relevance of those days.

Orientation Programs, Seminars:

Students are given orientation programs and seminars in order to cope up with the changing situation and equip them for the future with a strong value based foundation.

Parent-Teacher Association:

We have a strong support of our parents which we cherish every year. We were continuously interacting with the parents to discuss about the learning process. Also days are set apart for parent teacher interaction in which parents are called class wise to meet the teachers.

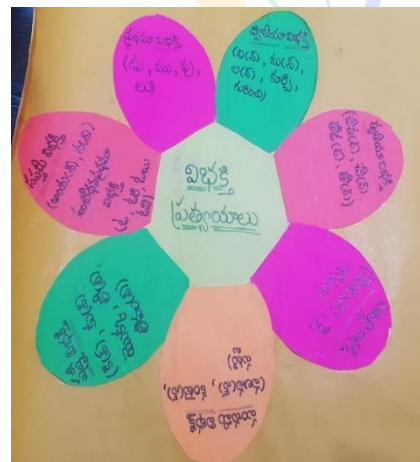

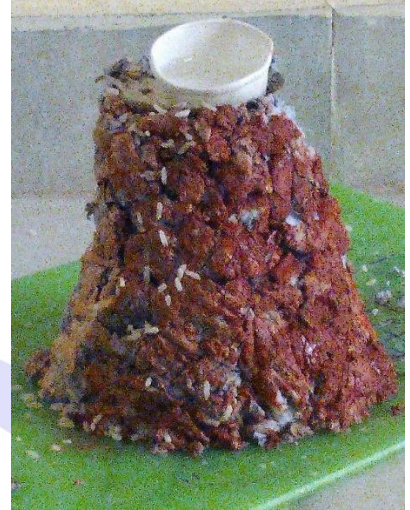

Conclusion:

Once again we thank all our stakeholders for your support and cooperation.

The strenuous effort of the teachers has been bountifully blessed and we are thankful to them for the same.

Thank you.

-Principal, Prayag School of Excellence
